# CONDIZIONI GENERALI DI VENDITA

1. Il presente listino annulla e sostituisce i precedenti e non costituisce offerta.
2. I prezzi dei prodotti possono essere variati dalla venditrice in qualsiasi momento senza preavviso; tutti i prezzi non sono comprensivi di montaggio.
3. La venditrice si riserva la facoltà di modificare, a proprio insindacabile giudizio e senza preavviso alcuno, i materiali costruttivi, le caratteristiche tecniche ed estetiche, nonché le dimensioni dei prodotti.
4. Le immagini dei prodotti contenute nel catalogo fotografico sono puramente indicative.
5. La vendita è regolata, oltre che dalle condizioni particolari volta a volta pattuite, dalle presenti condizioni generali, che si reputano conosciute dall'acquirente; eventuali clausole derogatorie a quanto previsto nelle presenti condizioni generali di vendita devono risultare per iscritto.
6. Le proposte d'acquisto e/o gli ordini dell'acquirente sono condizionati all'accettazione espressa o all'inizio dell'esecuzione del contratto da parte della venditrice, nei casi in cui ciò sia consentito. Qualsiasi successiva modifica al contratto di vendita non sarà valida e vincolante ove non risulti da atto scritto e sottoscritto dalla parte nei cui confronti tale modifica viene invocata.
7. Conformemente all'articolo 1510 codice civile, la consegna dei beni venduti si ha con la rimessione degli stessi al vettore o allo spedizioniere, sicché i beni stessi viaggiano a rischio e pericolo dell'acquirente; ciò vale anche nei casi in cui la merce venga venduta franco arrivo all'indirizzo dell'acquirente. Ogni eventuale richiesta, reclamo e/o azione relativi alla spedizione o al trasporto della merce dovrà essere promossa dall'acquirente direttamente nei confronti dello spedizioniere o del vettore. Ogni eventuale danno, perdita o avaria dei beni venduti dipendente dalla spedizione o dal trasporto dei medesimi non esonera l'acquirente dal pagamento del prezzo convenuto.
8. Il termine di consegna è indicativo e non tassativo; lo stesso potrà essere ritardato senza alcun obbligo di indennizzo o risarcimento di eventuali danni diretti o indiretti subiti dall'acquirente per la ritardata consegna e senza che ciò possa comunque comportare la risoluzione del contratto di vendita per inadempimento della venditrice.
9. Fatti salvi i casi di forza maggiore, in caso di scioperi ed in tutti gli altri casi che impediscano temporaneamente alla venditrice di regolarmente adempiere al contratto di vendita, è fatto salvo il diritto della medesima venditrice di recedere dal contratto, senza che l'acquirente sia legittimato ad eventuali pretese di danno, fatta salva nell'ipotesi di recesso la restituzione di quanto eventualmente versato a titolo di acconto.
10. Il pagamento del prezzo di vendita dei prodotti dovrà avvenire presso la sede della venditrice. In caso di pagamento ritardato, l'acquirente sarà automaticamente costituito in mora e sarà tenuto al pagamento degli interessi nella misura e con la decorrenza stabilita dal D.Lgs. 231/2002 per i ritardi di pagamento nelle transazioni commerciali.
11. La venditrice non risponde degli eventuali vizi dei prodotti conosciuti o conoscibili da parte dell'acquirente, che non abbia immediatamente respinto la merce. Le contestazioni od i reclami sulle quantità dei prodotti devono essere segnalate all'atto della consegna, con annotazione sul relativo documento di trasporto. La eventuale sostituzione del prodotto non significa accettazione della contestazione o del reclamo. L'accredito all'acquirente verrà fatto solo dopo la restituzione dei prodotti difettosi ed a condizione che sia stata riconosciuta o altrimenti accertata la responsabilità dalla venditrice.
12. I disegni, i modelli, i grafici e le altre informazioni tecniche dei prodotti oggetto di vendita, così come i campioni, i cataloghi, le fotografie e materiali simili, rimangono sempre di proprietà intellettuale della venditrice e non possono pertanto essere copiati, né trasmessi ad altri, né utilizzati in altro modo.
13. Le somme versate a titolo di caparra confirmatoria potranno essere ritenute dalla venditrice in caso di revoca dell'ordine e/o in ogni altro caso di inadempimento dell'acquirente che giustifichi il recesso della venditrice, salvo il diritto di chiedere l'adempimento del contratto e salvo altresì il diritto di chiedere il risarcimento del maggiore danno. Per converso, nel caso di adempimento da parte dell'acquirente dei propri obblighi contrattuali, le somme da questi versate a titolo di caparra confirmatoria saranno imputate al pagamento del prezzo; le stesse, così come gli eventuali acconti, saranno comunque infruttifere di interessi.
14. L'eventuale tolleranza di una delle parti di comportamenti dell'altra posti in essere in violazione delle clausole che regolano la vendita non costituisce rinuncia ai diritti derivanti dalle clausole violate né al diritto di esigere l'esatto adempimento di tutti i termini e condizioni previsti dal contratto di vendita.
15. La venditrice mantiene la proprietà dei prodotti consegnati fino al completo pagamento del prezzo indicato in fattura. Fino a tale data i prodotti consegnati sono considerati solo come depositati presso l'acquirente. Quest'ultimo si accolla quindi il rischio di danni che i prodotti depositati possano subire imputabili a qualsiasi causa.
16. L'acquirente è invitato a prestare particolare attenzione sul fatto che non tutti i prodotti riportati nel presente listino sono compatibili con il mercato statunitense o con quello canadese. Conseguentemente, qualora l'acquirente intendesse utilizzare o esportare detti prodotti negli Stati Uniti d'America e/o, in ogni caso, in qualsiasi altro paese extra UE, è obbligato a preventivamente contattare l'ufficio commerciale della venditrice per avere la conferma che il prodotto interessato risponda a tutti i requisiti tecnici ed agli standard legali previsti a tutela dei consumatori finali del mercato di destino. La venditrice declina ogni responsabilità conseguente alle iniziative assunte dall'acquirente senza essere stata preventivamente informata ed indipendentemente dall'eventuale autorizzazione scritta della venditrice all'esportazione e/o all'uso del prodotto in un paese extra UE.
17. L'acquirente è tenuto ad informare i propri clienti e/o gli utilizzatori finali sulle caratteristiche del prodotto al fine di ridurre al minimo il rischio di un uso improprio che potrebbe esporre la venditrice a possibili ragioni di danno. In difetto di tale attività informativa preventiva, l'acquirente esonera espressamente la venditrice da qualsiasi ipotetica responsabilità.
18. Tutte le controversie che dovessero insorgere in relazione alla vendita, suoi atti modificativi ed esecutivi, comprese quelle inerenti alla validità, efficacia, interpretazione, esecuzione e risoluzione del contratto, saranno devolute alla competenza esclusiva del Foro di Milano.
19. In ogni caso, prima di procedere all'acquisto dei prodotti è necessario consultare le condizioni di vendita, le caratteristiche tecniche e le seguenti:

# GENERAL TERMS OF SALE

1. This price list cancels and replaces the previous ones and is not a proposal.
2. The product prices may be changed by the vendor at any moment without prior notice; all prices are not inclusive of installation.
3. The vendor reserves the right to alter the construction materials, the technical and visual characteristics and also the dimensions of the products, at its own unquestionable discretion and without any prior notice.
4. The images of the products contained in the photographic catalogue are purely indicative.
5. In addition to the specific terms agreed each time, sale is governed by these general terms, which are considered to be known by the purchaser; any clauses derogating from these general terms of sale must be in writing.
6. The purchaser's purchase proposals and/or orders are conditional upon the vendor expressly accepting or starting fulfilment of the agreement, in cases where this is permitted. Any subsequent amendment to the sales agreement will not be valid and binding unless entered in a written document signed by the party being asked to accept this amendment.
7. In compliance with article 1510 of the Italian Civil Code, delivery of the goods sold is with remittance thereon to the carrier or forwarder, so that the goods travel at the purchaser's risk and danger; this also applies in cases where the goods are sold free to the purchaser's address. Any other request, complaint and/or action relating to shipment or transport of the goods must be brought by the purchaser directly against the forwarder or the carrier. Any damage, loss or breakage of the goods sold which is attributable to shipment or transport thereof will not exempt the purchaser from liability for payment of the agreed price.
8. The delivery time is indicative and not binding; it may be delayed without any obligation of indemnity or compensation of any direct or consequential damages suffered by the purchaser as a result of late delivery and without this leading to termination of the sales agreement due to the vendor's non-fulfilment.
9. With the exception of cases of force majeure, in the case of strikes and all other cases which temporarily prevent the vendor from fulfilling the sales agreement properly, the vendor is entitled to withdraw from the agreement, without the purchaser being entitled to claim any damages, except for the repayment in the case of withdrawal, of any amount paid as an advance.
10. Payment of the sale price of the products must be made at the vendor's registered office. In the case of late payment, the purchaser will automatically be placed in arrears and will be required to pay interest in the amount and from the time required by Legislative Decree 231/2002 for late payment in commercial transactions.
11. The vendor is not liable for any defects of the products known or knowable to the purchaser, who has not immediately refused to accept delivery of the goods. Disputes or complaints over the product quantities must be notified upon delivery, with noting on the relative transport document. Replacement of the product does not signify acceptance of the claim or complaint. The purchaser will only be credited the amount after the faulty products have been returned and provided that the vendor's liability has been recognised or otherwise ascertained.
12. The drawings, models, graphs and other technical information on the products being sold, and also samples, catalogues, photographs and similar materials, always remain the intellectual property of the vendor and may not be copied, or transmitted to others, or used in any other way.
13. The amounts paid by way of a deposit may be withheld by the vendor if the order is cancelled and/or in all other cases of non-fulfilment by the purchaser which justifies the vendor's withdrawal, without prejudice to the right to request fulfilment of the agreement and also the right to demand compensation of greater damages. In contrast, if the purchaser fulfils its contractual obligations, the amounts paid by way of deposit will be allocated to payment of the price; said amounts, and all other advances, will be non-interest-bearing.
14. Any tolerance by one of the parties of the other's conduct which breaches the clauses governing sale does not constitute waiving of the rights deriving from the breached clauses nor the right to demand precise fulfilment of all the terms and conditions contained in the sales agreement.
15. The vendor maintains ownership of the products until complete payment of the price indicated on the invoice. Up until that date, the products delivered are considered as only held in deposit by the purchaser. The latter therefore accepts the risk of damages to the products deposited attributable to any cause.
16. The purchaser is invited to pay particular attention to the fact that not all products on the price list are compatible with the US or Canadian markets. Consequently, if intending to use or export said products into the USA and/or, in any case, into any other non-EU country, the purchaser is required to contact the vendor's sales office beforehand for confirmation that the product concerned satisfies all technical requirements and legal standards protecting final consumers on the market of destination. The vendor declines all liability consequent upon initiatives taken by the purchaser without it having been informed beforehand and irrespective of any written authorisation of the vendor for exportation to and/or use of the product in a non-EU country.
17. The purchaser is required to inform its own customers and/or final users of the product characteristics, in order to reduce to a minimum the risk of improper use which could expose the vendor to possible claims of damage. In the case of failure to provide this prior information, the purchaser expressly exempts the vendor from any hypothetical liability.
18. Milan Court will be the sole court of competent jurisdiction for all disputes which may arise in relation to sale and any actions of amendment and enforcement thereof, including those relating to the validity, effectiveness, interpretation, fulfilment and termination of the agreement.
19. In any case, before purchasing the products, it is necessary to consult the terms of sale, technical characteristics and the following:

# CONDITIONS GÉNÉRALES DE VENTE

1. Le présent catalogue des prix annule et remplace les précédents et ne constitue pas une offre.
2. Les prix des produits peuvent être changés par la venderesse à tout moment sans préavis; aucun prix ne comprend le montage.
3. La venderesse se réserve le droit de modifier, selon sa décision sans appel et sans aucun préavis, les matériaux servant à la construction, les caractéristiques techniques et esthétiques ainsi que les dimensions des produits.
4. Les photos des produits contenues dans le catalogue photographique sont fournies à seul titre indicatif.
5. La vente est réglementée, en plus des conditions particulières convenues à chaque fois, par les présentes conditions générales, qui sont considérées comme connues par l'acheteur; d'éventuelles clauses dérogatoires aux dispositions des présentes conditions générales de vente doivent être mises par écrit.
6. Les offres d'achat et/ou commandes de l'acheteur sont soumises à l'acceptation explicite ou au début de l'exécution du contrat par la venderesse, dans les cas où cela est possible. Aucune modification suivante au contrat de vente ne sera valide et contraignante sans acte écrit et signé par la partie contre laquelle cette modification est invoquée.
7. Conformément à l'article 1510 du code civil, la livraison des biens vendus se fait par la remise de ceux-ci au transporteur ou à l'expéditionnaire, de sorte que les dits biens voyagent aux risques et périls de l'acheteur; cette règle vaut aussi dans les cas où la marchandise est vendue franco adresse de l'acheteur. Toute éventuelle demande, réclamation et/ou action relative à l'expédition ou au transport de la marchandise devra être faite par l'acheteur directement à l'expéditionnaire ou au transporteur. Les éventuels dommages, perte ou avarie des biens vendus dépendant de leur expédition ou du transport n'exonèrent pas l'acheteur du paiement du prix convenu.
8. La date de livraison est indicative et non péremptoire; elle pourra être retardée sans aucune obligation d'indemnisation ou de dédommagement d'éventuels dommages directs ou indirects subis par l'acheteur à cause de la livraison retardée et sans que cela puisse de toute manière comporter la résiliation du contrat de vente pour inexécution de la venderesse.
9. Sauf les cas de force majeure, en cas de grèves et dans tous les autres cas qui empêchent temporairement la venderesse de remplir normalement le contrat de vente, la venderesse a le droit de résilier le contrat, sans pour autant que ce fait légitime l'acheteur à d'éventuelles prétentions de dommage, sauf, dans l'hypothèse de résiliation, la restitution des sommes éventuellement versées à titre d'acompte.
10. Le paiement du prix de vente des produits devra se faire au siège de la venderesse. En cas de paiement en retard, l'acheteur sera automatiquement mis en demeure et sera tenu de payer des intérêts au taux et dans les délais établis par le décret de loi 231/2002 régissant les retards de paiement dans les transactions commerciales.
11. La venderesse n'est pas responsable des éventuels vices des produits connus ou que l'acheteur aurait pu connaître s'il n'a pas immédiatement refusé la marchandise. Les contestations ou les réclamations sur les quantités des produits doivent être signalées au moment de la livraison, au moyen d'une note écrite sur le document de transport. L'éventuel remplacement du produit ne signifie pas l'acceptation de la contestation ou de la réclamation. Le remboursement de l'acheteur sera fait uniquement après la restitution des produits défectueux et à condition qu'ait été reconnue ou autrement établie la responsabilité de la venderesse.
12. Les dessins, les modèles, les graphiques et les autres informations techniques sur les produits objet de la vente, ainsi que les échantillons, les catalogues, les photos et tout le matériel similaire demeurent toujours la propriété intellectuelle de la venderesse et ne peuvent par conséquent pas être copiés, ni transmis à des tiers, ni utilisés d'aucune autre manière.
13. Les sommes versées à titre d'arrhes de confirmation pourront être retenues par la venderesse en cas de révocation de la commande et/ou dans tout autre cas d'inexécution de l'acheteur justifiant la résiliation par la venderesse, sauf le droit de demander l'exécution du contrat et aussi sauf le droit de demander le dédommagement du dommage supérieur. Au contraire, dans le cas d'exécution par l'acheteur de ses propres obligations contractuelles, les sommes qu'il aura versées à titre d'arrhes de confirmation seront imputées au paiement du prix; celles-ci, ainsi que les éventuels acomptes, ne produiront pas d'intérêts.
14. L'éventuelle tolérance par une des parties des comportements de l'autre en violation des clauses qui régissent la vente ne constitue pas une renonciation aux droits découlant des clauses violées ni au droit d'exiger l'exécution exacte de tous les termes et conditions prévus par le contrat de vente.
15. La venderesse garde la propriété des produits livrés jusqu'au paiement total du prix indiqué dans la facture. Jusqu'à cette date, les produits livrés sont considérés comme seulement déposés chez l'acheteur. Ce dernier prend donc en charge le risque des dommages que les produits déposés pourraient subir qu'ils soient imputables à n'importe quelle cause.
16. L'acheteur est invité à faire particulièrement attention au fait que tous les produits indiqués dans le présent catalogue des prix ne sont pas nécessairement compatibles avec les marchés américain ou canadien. Par conséquent, si l'acheteur a l'intention d'utiliser ou d'exporter les dits produits aux États-Unis et, dans tous les cas, dans n'importe quel autre pays extra UE, il doit préalablement contacter le bureau commercial de la venderesse pour avoir la confirmation que le produit concerné remplit toutes les exigences techniques et est conforme aux standards légaux prévus pour la protection des consommateurs finaux du marché de destination. La venderesse décline toute responsabilité pour des initiatives prises par l'acheteur dont elle n'a pas été préalablement informée et indépendamment de l'éventuelle autorisation écrite de la venderesse pour l'exportation et ou l'emploi du produit dans un pays extra UE.
17. L'acheteur est tenu d'informer ses propres clients et/ou les utilisateurs finaux des caractéristiques du produit afin de réduire au minimum le risque d'emploi impropre qui pourrait exposer la venderesse à d'éventuelles demandes de dédommagement. À défaut de cette activité d'information préventive, l'acheteur exonère expressément la venderesse de toute hypothétique responsabilité.
18. Toutes les controverses qui devraient surgir relatives à la vente, à ses actes de modification et d'exécution, y compris celles concernant la validité, l'efficacité, l'interprétation, l'exécution et la résiliation du contrat, seront du ressort exclusif du Tribunal de Milan.
19. De toute manière, avant de procéder à l'achat des produits, il faut consulter les conditions de vente, les caractéristiques techniques et les suivantes:

# CONDICIONES DE VENTA

1. Esta lista de precios anula y sustituye las anteriores y no es una oferta.
2. El vendedor puede cambiar los precios de los productos en cualquier momento sin previo aviso; ninguno de los precios incluye el montaje.
3. El vendedor se reserva el derecho de modificar, a su entera discreción y sin previo aviso, los materiales de construcción, las características técnicas y estéticas así como también las dimensiones de los productos.
4. Las imágenes de los productos que figuran en el catálogo fotográfico son meramente indicativas.
5. La venta se rige no sólo por las condiciones especiales acordadas caso por caso, sino también por las presentes condiciones generales, que el comprador ha de conocer; posibles cláusulas de exención a lo dispuesto en las presentes condiciones generales de venta deben figurar por escrito.
6. Las propuestas de compra y/o pedidos del comprador dependen de la aceptación o del inicio del contrato por parte del vendedor, en los casos en que esto esté permitido. Cualquier modificación posterior al contrato de venta no será válida ni vinculante si no figura en un contrato escrito, firmado por la parte en relación a la cual se pide dicha modificación.
7. En conformidad con el artículo 1510 del Código Civil, la entrega de los bienes vendidos se considera a partir de la remisión de los mismos al transportista o al agente de transporte, es decir que los bienes viajan a riesgo y peligro del comprador; esto vale también en los casos en los cuales la mercancía haya sido vendida con el transporte pagado hasta la sede del comprador. Cualquier posible petición, queja y/o acción relacionada con el envío o transporte de mercancías deberá ser efectuada por el comprador directamente contra el transportista o agente de transportes. Cualquier posible daño, pérdida o rotura de los bienes vendidos debidos a la expedición o al transporte de los mismos no exime al comprador de pagar el precio convenido.
8. El plazo de entrega es indicativo y no perentorio; el mismo podrá retrasarse sin ninguna obligación de indemnización ni compensación de los daños directos o indirectos sufridos por el comprador por la entrega tardía y sin que esto pueda llevar a la terminación del contrato de venta por incumplimiento del vendedor.
9. Excepto en los casos de fuerza mayor, en caso de huelgas y en los demás casos que impidan temporalmente al vendedor cumplir normalmente con el contrato de venta, el vendedor tendrá el derecho de rescindir el contrato, sin que el comprador pueda presentar ninguna reclamación por daños y perjuicios, salvo en el caso de cancelación, la devolución de lo pagado por adelantado.
10. El pago del precio de venta de los productos debe llevarse a cabo en las instalaciones del vendedor. En caso de demora en el pago, el comprador estará automáticamente en mora y deberá pagar intereses en la medida y con la fecha establecida por el Decreto Legislativo. 231/2002 de la morosidad en las transacciones comerciales.
11. El vendedor no se hace responsable por posibles defectos de los productos identificados o identificables por parte del comprador, que no haya rechazado inmediatamente. Cualquier disputa o queja sobre las cantidades de productos deben ser indicadas en el momento de la entrega, con la anotación en el documento de transporte correspondiente. La posible sustitución del producto no implica la aceptación de la objeción o queja. El pago al comprador se realizará sólo una vez efectuada la devolución de los productos defectuosos y siempre que se haya reconocido o comprobado la responsabilidad del vendedor.
12. Los dibujos, modelos, diagramas y otra información técnica de los productos vendidos, así como las muestras, catálogos, fotografías y otros materiales similares, siguen siendo de propiedad intelectual del vendedor y no pueden ser copiados ni transmitidos a otras personas ni utilizarse de otro modo.
13. Las sumas abonadas en concepto de señal confirmatoria podrán ser retenidas por el vendedor en caso de revocación del pedido y/o ante cualquier otro caso de incumplimiento por parte del comprador que justifique la retirada del vendedor, salvo el derecho a exigir el cumplimiento del contrato y también el derecho a reclamar indemnización por daños y perjuicios adicionales. Por el contrario, en el caso de cumplimiento por parte del comprador de sus obligaciones contractuales, las cantidades pagadas en concepto de señal confirmatoria serán consideradas con el pago del precio; las mismas, así como también los pagos iniciales, serán de todos modos sin intereses.
14. Cualquier tolerancia de una de las partes a conductas iniciadas en violación de las disposiciones que rigen la venta no constituirá una renuncia a derechos que se deriven de las disposiciones violadas o el derecho a exigir el estricto cumplimiento de todos los términos y condiciones establecidos en contrato de venta.
15. El vendedor conserva la propiedad de los bienes entregados hasta el pago total del precio indicado en la factura. Hasta esa fecha, los productos entregados han de considerarse sólo como bienes depositados en la sede del comprador. Por lo tanto, este último se asume el riesgo por los daños que los mismos puedan sufrir debidos a cualquier causa.
16. El comprador ha de prestar especial atención al hecho de que no todos los productos que figuran en este catálogo son compatibles con el mercado de los EE.UU. o de Canadá. Por lo tanto, si el comprador tiene la intención de utilizar o exportar dichos productos en los Estados Unidos de América y/o, de todos modos, en cualquier otro país fuera de la UE, debe antes y imperativamente ponerse en contacto con la oficina de ventas del vendedor para confirmar que el producto en cuestión cumpla con todos los requisitos técnicos y las normas establecidas en la legislación para proteger a los consumidores en el mercado de destino. El vendedor no se asume ninguna responsabilidad con respecto a las iniciativas adoptadas por el comprador, sin haber sido informado previamente e independientemente de la posible autorización por escrito por parte del vendedor a la exportación y/o uso del producto en un país fuera de la UE.
17. El comprador está obligado a informar a sus clientes y/o usuarios finales de las características del producto para reducir al mínimo el riesgo de mal uso que podría exponer al vendedor a posibles motivos de daño. En ausencia de dicha actividad de información preventiva, el comprador libera expresamente al vendedor de cualquier responsabilidad hipotética.
18. Todas las controversias que pudiesen surgir en relación con la venta, documentos modificativos y ejecutivos, incluidas las relativas a la validez, eficacia, interpretación, ejecución y terminación del contrato, serán resueltas exclusivamente por el Tribunal competente de Milán.

# ALLGEMEINE VERKAUFSBEDINGUNGEN

1. Die vorliegende Preisliste hebt alle vorausgegangenen Listen auf, ersetzt sie und stellt kein Angebot dar.
2. Die Preise der Produkte können vom Verkäufer jederzeit ohne entsprechende Benachrichtigung geändert werden; keiner der Preise enthält die Montagekosten.
3. Der Verkäufer behält sich das Recht vor, nach seinem eigenen, unanfechtbaren Urteil und ohne entsprechende Benachrichtigung, Materialbeschaffenheit, technische Eigenschaften und Aussehen sowie die jeweiligen Abmessungen der Produkte zu ändern.
4. Bei den im bebilderten Katalog enthaltenen Abbildungen der Produkte handelt es sich um reine Beispielfotos.
5. Abgesehen von fallweise ausgehandelten Sonderkonditionen wird der Verkauf von den vorliegenden allgemeinen Bedingungen geregelt, von denen vorausgesetzt wird, dass der Käufer sie kennt; eventuell von den in den vorliegenden allgemeinen Verkaufsbedingungen abweichende Klauseln bedürfen jeweils der schriftlichen Form.
6. Die Kaufanbote und/oder Aufträge des Käufers bedürfen zuvor der ausdrücklichen Annahme bzw. in Fällen, in denen dies gestattet ist, des Beginns der Vertragserfüllung seitens des Verkäufers. Jegliche nachträgliche Änderung des Kaufvertrages ist nicht gültig und bindend, sofern nicht entsprechende schriftliche und jeweils von der Partei, die diese Änderung annehmen soll, unterzeichnete Unterlagen vorliegen.
7. Gemäß Art. 1510 Italienisches Bürgerliches Gesetzbuch (Codice Civile) findet die Lieferung der verkauften Waren bei deren Abgabe an den Transportunternehmer bzw. den Spediteur statt, so dass die Waren auf Risiko und Gefahr des Empfängers reisen; dies gilt auch in den Fällen, in denen die Ware frei Haus verkauft wird. Jeglicher Anspruch, Reklamation und/oder Klage betreffend die Lieferung oder den Transport der Waren muss vom Kunden direkt an den Transportunternehmer oder Spediteur gerichtet werden. Jeder eventuelle Schaden, Verlust oder Defekt der verkauften Waren, der durch den Versand bzw. Transport verursacht wurde, befreit den Käufer nicht von der Pflicht, den vereinbarten Kaufpreis zu zahlen.
8. Der Liefertermin gilt als ungefähre Angabe und ist nicht bindend; er kann sich verzögern, ohne dass eine Ersatz- oder Entschädigungspflicht für eventuelle direkte oder indirekte, vom Käufer infolge der verspäteten Lieferung erlittenen Schäden besteht und ohne dass dies zur Auflösung des Kaufvertrags aufgrund von Nichterfüllung des Verkäufers berechtigt.
9. Mit Ausnahme von Fällen höherer Gewalt, bei Streiks oder in allen anderen Fällen, durch die der Verkäufer vorübergehend außerstande ist, den Kaufvertrag ordnungsgemäß zu erfüllen, hat der Verkäufer das Recht, vom Vertrag zurückzutreten, ohne dass der Käufer berechtigt ist, eventuelle Schadensersatzansprüche zu stellen, mit Ausnahme der Rückzahlung einer allfälligen Anzahlung im Falle eines Rücktritts.
10. Die Zahlung des Verkaufspreises der Produkte hat direkt an den Sitz des Verkäufers zu erfolgen. Bei verspäteter Zahlung befindet sich der Käufer automatisch in Verzug und ist verpflichtet, Zinsen in dem von der Gesetzesverordnung 231/2002 über Zahlungsverzögerungen bei Handelsgeschäften festgelegten Umfang sowie mit den entsprechenden Fristen zu zahlen.
11. Der Verkäufer haftet nicht für eventuelle dem Käufer bekannte oder erkennbare Mängel, wenn dieser die Ware nicht umgehend zurückgewiesen hat. Beanstandungen oder Reklamationen in Bezug auf Produktmengen müssen jeweils bei Auslieferung gemeldet und auf den entsprechenden Transportunterlagen vermerkt werden. Der eventuelle Ersatz des Produkts ist dabei nicht gleichbedeutend mit einer Akzeptanz der Beanstandung oder Reklamation. Die entsprechende Gutschrift für den Verkäufer erfolgt erst nach Rückgabe der mangelhaften Produkte und unter der Voraussetzung, dass die Verantwortung des Käufers anerkannt oder anderweitig festgestellt wurde.
12. Die Zeichnungen, Modelle, Darstellungen und anderen technischen Informationen über die Produkte, die den Gegenstand des Verkaufs bilden, ebenso wie die Muster, Kataloge, Photos und ähnlichen Materialien bleiben immer geistiges Eigentum des Verkäufers und dürfen daher weder kopiert, noch anderen überlassen oder in irgendeiner anderen Form genutzt werden.
13. Die als Anzahlung zur Bestätigung entrichteten Beträge können vom Verkäufer bei Annullierung des Auftrags und/oder in jedem anderen Fall einer Nichterfüllung seitens des Käufers einbehalten werden, die den Rücktritt des Verkäufers rechtfertigt, vorbehaltlich des Rechts, die Erfüllung des Vertrags zu verlangen und ebenso vorbehaltlich des Rechts, die Entschädigung eines darüber hinausgehenden Schadens zu verlangen. Umgekehrt werden im Fall der Erfüllung der Vertragsverpflichtungen seitens des Käufers die von diesem als Anzahlung zur Bestätigung entrichteten Beträge auf den Kaufpreis angerechnet; diese Beträge gelten auf jeden Fall, ebenso wie alle anderen Vorauszahlungen, als unverzinslich.
14. Die eventuelle Hinnahme einer der Parteien von Verhaltensweisen der anderen Vertragspartei, durch die die Verkaufsbedingungen verletzt werden, stellt keinen Verzicht auf sich aus verletzten Klauseln ergebende Rechte dar, noch auf das Recht, die korrekte Erfüllung aller Fristen und Bedingungen zu verlangen, die vom Kaufvertrag vorgesehen sind.
15. Der Verkäufer behält das Eigentumsrecht an den gelieferten Produkten bis zur vollständigen Zahlung des jeweils in der Rechnung angegebenen Preises. Bis zu diesem Datum gelten die gelieferten Produkte nur als beim Verkäufer hinterlegt. Dieser letztere übernimmt daher auch das Risiko für Schäden, die an den hinterlegten Produkten aus irgendeinem Grund entstehen könnten.
16. Der Käufer wird aufgefordert, besondere Aufmerksamkeit darauf zu verwenden, dass nicht alle in dieser Preisliste angegebenen Produkte mit dem amerikanischen oder kanadischen Markt vereinbar sind. Daher ist der Käufer, falls er vorhat die genannten Produkte in die USA und/oder in irgendein Nicht-EU-Land zu exportieren, verpflichtet, sich jeweils vorher an die Handelsabteilung des Verkäufers zu wenden, um die Bestätigung zu erhalten, dass das betreffende Produkt allen technischen Erfordernissen und den gesetzlichen Vorschriften entspricht, die zum Schutz des Endverbrauchers in dem jeweiligen Bestimmungsmarkt vorgesehen sind. Der Verkäufer übernimmt dabei keine Verantwortung für vom Käufer ergriffene Initiativen, wenn er nicht vorher darüber in Kenntnis worden ist und unabhängig von der eventuellen schriftlichen Genehmigung des Verkäufers zum Export und/oder zur Verwendung des Produkts in einem Nicht-EU-Land.
17. Der Käufer ist verpflichtet, seine Kunden und/oder Endverbraucher über die Eigenschaften des Produkts in Kenntnis zu setzen, um die Gefahr von deren missbräuchlicher Verwendung, die den Verkäufer möglichen Schadensansprüchen aussetzen könnte, auf ein Mindestmaß zu reduzieren. In Ermangelung dieser vorherigen Informationsstätigkeit befreit der Käufer den Verkäufer ausdrücklich von jeder möglichen Verantwortung.
18. Sämtliche Streitfragen, die sich im Zusammenhang mit dem Verkauf, sowie sämtlichen Änderungen, einschließlich derer in Bezug auf die Gültigkeit, Wirksamkeit, Auslegung, Durchführung und Auflösung des Vertrags ergeben können, unterliegen der ausschließlichen Zuständigkeit des Gerichtsstands von Mailand (Italien).
19. Auf jeden Fall müssen vor Kauf der Produkte jeweils die Verkaufsbedingungen, die technischen Eigenschaften sowie folgende
