I_“Più che un divano abbiamo pensato ad un personaggio silenzioso che occupa solennemente gli angoli, di solito spazi in cerca di destinazione, ed afferma una forte presenza scenica fornendo al contempo un prezioso contributo al benessere acustico della collettività. Quando si ritrova con altri elementi del suo casato si aggrega a formare isole, delimitare spazi, suggerire prospettive nobili come lui: Snowking!”

EN_“More than a sofa, we thought about a silent character who solemnly occupies corners (that tend to be spaces looking for a purpose) and affirms a strong stage presence while providing a precious contribution to the acoustic wellbeing of the community. When he finds himself with other elements of his family, they join to form islands, delimiting spaces, suggesting noble perspectives just like him: Snowking!”

F_“Nous n'avons pas tellement pensé à un canapé, mais plutôt à un personnage silencieux qui occupe solennellement des coins, généralement des espaces en quête de destination, et qui affirme une forte présence scénique tout en apportant une contribution précieuse au confort acoustique de la communauté. Quand il est réuni avec d'autres éléments de sa famille, il se regroupe avec eux, pour former des îlots, limiter des espaces ou ouvrir des perspectives aussi nobles que lui : Snowking!”

E_“Más que en un sofá, hemos pensado en un personaje silencioso que ocupa solemnemente los rincones -que suelen ser espacios que buscan un propósito-, y asegura una fuerte presencia escénica, al tiempo que contribuye al bienestar acústico de la comunidad. Cuando se encuentra con otros elementos de su familia, se pueden unir para formar islas, delimitando espacios y sugiriendo nobles perspectivas como él: ¡Snowking!”
